JORDAN MADE SPEECH

Tells of Wonderful Strides of Cotton Association

DURING FIRST YEAR

Discusses at Considerable Length the Developments of the Past Twelve Months and Recommends Slow Marketing.

New Orleans, Jan. 12.—After President Jordan had called the Southern Cotton association to order, Rev. Beverly Warner delivered an invocation. Former President Parker of the New Orleans Cotton Exchange delivered the address of welcome. He warned farmers to beware of speculators, saying that class are their greatest enemies.

W. L. Foster, a member of the Louisiana railroad commission and a large cotton planter, responded.

President Jordan began his address with congratulations to the association on its record during the first year of its existence. He reviewed at some length the objects of the association and its accomplishments. It came into existence, he said, facing a 14,000,000 bale crop, with a 2,000,000 bale surplus beyond the needs of consumption in 1905, with 5,000,000 bales unsold and the price at 6 cents a pound. In the face of these conditions the association had sounded the slogan for 10 cent cotton, had demanded a reduction in acreage and had begun a fight for the maintenance of prices fair and equitable to the producer. He referred to the discovery of dishonest practices in the bureau of cotton statistics in the department of agriculture at Washington and the fight made by the association for purity there. He then discussed the reasons for 15 cent cotton.

"It has been ascertained by investigation," he said, "and has not yet been denied, that the prevailing prices of the manufactured products this season spinners could easily have paid 12 cents for the entire crop to the growers and paid good dividends on their investments. On this basis a crop of 10,000,000 bales should have brought the producers \$600,000,000. If we demand and received 15 cents for the balance of the uncold portion of the crop, middling at interior points, we will still be unable to average the whole crop at 12 cents a pound, due to the unwarranted low prices at which more than one half of the crop has been sold. The proposition to hold the balance of the crop at a minimum figure of 15 cents therefore is based upon sound, conservative reasoning and is justified by all conditions surrounding the present legitimate laws of demand and supply.

"When our cotton sold at 5 cents a pound a few years ago the price of print cloths was 2 cents a yard or 14 cents a pound for the manufactured product, leaving 9 cents between the purchasing price of the raw material and the selling prices of the finished fabric at cost of the manufacture and declare dividends on the investment.

"Print cloths are now selling at 33-4 cents a yard, or 26-4 cents a pound. At an average price of 12 cents a pound for the raw cotton, the manufacturer today has a margin of 14-4 cents, against 11 cents a few years ago, or a net difference at the present time of 5-4 cents, or \$26.25 a bale.

"The consumption of American cotton is enormous and will continue unabated for many months to come. There are 5,000,000 more spindles in active operation now than was the case one year ago. The present crop will not exceed ten million commercial bales. The crop has been practically all picked and ginned. The greater portion of the stocks of American cotton, 1,600,000 bales carried Sept. 1, 1905, already has been consumed. Consumption is going on at the rate of 1,000,000 bales a month."

He insisted that cotton be marketed slowly and urged compact organization.

JOINS RED MEN.

President Roosevelt Becomes an Honorary Member of the Order.

Washington, Jan. 12.—President Roosevelt Thursday was made an honorary member of the Improved Order of Red Men. The ceremony took place in the president's private office at the white house and was participated in and witnessed by many prominent members of the order. A committee called to thank him for his efforts at bringing about peace between Japan and Russia. The president was invited to become an honorary member. He assented and John W. Cherry, of Norfolk, Va., great inchoonee, immediately granted a special dispensation enabling the president to be inducted into the mysteries of the order. The order is 142 years old and this was the first time an honorary degree was ever conferred.

ONE WHO KNOWS MUCH

Valuable Witness Secured Through Anonymous Letter.

HADLEY IS WITNESS

John Corkhill, Who Stated In an Office Boy For Rockefeller and Posted on Standard Methods, to Testify.

New York, Jan. 12.—Through an anonymous letter, signed "A Wall Street Clerk," Attorney General Hadley of Missouri discovered a witness whose testimony, it is declared, will probably do more to disclose the secret workings of the Standard Oil company than that of all the witnesses who have hitherto been examined in the inquiry before Commissioner Sanborn.

This witness, John Corkhill, began his business career as John D. Rockefeller's office boy, and worked his way up until he was confidential man to W. E. Bemis, manager of the Standard's clearing house, where the relations between the subsidiary companies and the Standard corporation are laid bare. Mr. Corkhill continued with the Standard until John D. Rockefeller's retirement from active management. Then followed a period of retrenchment and he resigned.

The writer of the letter to the attorney general said that he feared he

ATTORNEY GENERAL HADLEY.

would lose his position if his identity became known, but he wished to help the investigation and so suggested Corkhill as a valuable witness. Immediately upon its receipt Mr. Hadley turned the letter over to Ruth Lake, assistant attorney general of Missouri, and before the day was over Mr. Corkhill was located.

"Mr. Corkhill," said the assistant attorney general, "the state of Missouri has instituted proceedings to show that the Standard Oil company of Indiana, the Waters-Pierce Oil company and the Republic Oil company are all part of the Standard Oil trust. I understand that you know something about the operations of these companies, and I desire to call you as a witness."

"Sure," said Mr. Corkhill, "they're all at 26 Broadway. While I was with Mr. Bemis all their reports passed through the office. I don't know about testifying, though. I guess you'd better talk to my lawyer."

His lawyer advised him to testify and he agreed to do so.

Said Mr. Corkhill: "John D. Rockefeller was the best friend the Standard Oil employees ever had. He was never too busy to listen to you if you wanted advice or anything else. While he was running things it was very different from what it is now."

Hadley was jubilant when told Corkhill would testify. "He will make the best witness we have had," he declared.

THINKING OF RETIRING.

Former Chinese Minister May Resign Owing to Deafness.

Nashville, Jan. 12.—Hon. H. Clay Evans, former consul general to London, has received a letter from Wu Ting Fang, former Chinese minister at Washington, in which he says he is thinking of retiring from his position as a member of the board of punishment of the Chinese government. He also tells of his injury, resulting from a bomb explosion in Wieu-Wau-Pai, saying he was so shocked that his hearing became affected.

TWO MORE DROPPED.

Every Effort Being Made to Stamp Out All Form of Hazing.

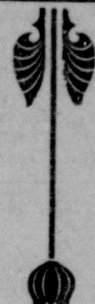

Stanford University, Cal., Jan. 12.—Still persevering in its attempt to quash every semblance of hazing in the student's dormitory, the faculty committee dropped two more men from the university—R. W. McElroy and B. O. Nordman. The most grievous offense proved against either of the suspended students was that they were present at the tubbing of a freshman. Both are members of the sophomore class.

Topping Chosen.

New York, Jan. 12.—John A. Topping was elected president of the Republic Iron and Steel company. E. W. Oglesby was elected a member of the executive committee.

LI. CATHERINE FELDER.

Little Catherine Felder, daughter of Mr. and Mrs. F. E. Felder, died at their home in this city yesterday morning at 4:40 o'clock. The little one was dangerously ill some time ago, and after her life was almost despaired of, rallied and had been much better recently, and hopes were entertained that she would grow strong. On yesterday morning however, she had an attack of heart failure and death was sudden and unexpected.

Little Catherine's age was 1 year, 10 months and 22 days. Her death is a deep and poignant grief to her parents, who bestowed upon her every possible attention and their hearts' devotion. They have the deep sympathy of many friends in their dark hours of sorrow.

Funeral services will be held at the family residence at 10 o'clock, interment following at the city cemetery.

RESOLUTIONS OF SYMPATHY.

Offered by Bryan Chapter Order Eastern Star No. 222.

Whereas, In the inscrutable providence of God, our beloved sister, Mrs. J. B. Zimmerman, has been called to pass through the deep waters of affliction in the loss of her precious son:

1. Resolved, That this chapter hereby assure our sister of our heartfelt sympathy in her great sorrow, and while we know that no word of ours can assuage her grief, we unite in prayer that the Divine hand that wounded may also bind up the broken heart of the mother, giving her the blessed assurance that "Whom the Lord loveth He chasteneth."

2. That we recognize in the death of Mr. Julius Zimmerman, a loss not alone to the family in whose happiness he was so great a factor, but to this community and all with whom he was associated.

3. That these resolutions be published in the Bryan Eagle and The Brazos Pilot and a copy thereof be sent to the bereaved mother.

T., Jan. 12.—One thousand quarts of nitro-glycerin exploded at the magazine of the Western Torpedo company, two miles from Chelsea, Thursday afternoon, literally blowing to atoms James O'Hara, a shooter, and a team of mules which were hitched alongside the magazine. The only trace of O'Hara found was a piece of the jawbone and a bit of his coat, a half mile distant from the scene of the explosion. The explosion tore a hole in the ground thirty feet across and fifteen feet deep and shook the town of Chelsea like an earthquake, breaking plate glass and doing other damage. Another magazine, 300 feet away, containing 1000 quarts of the fluid was not affected.

Our Reasons for this Special Sale

We want to clean out all odd and broken lots from a successful season's business, in order that we may continue to carry out the business policy of this store, to show a new fresh stock at the beginning of each season. Below we mention a few of the many great reductions we offer during this sale. Come in early before the lots and sizes are broken. Don't wait while some one else gets the choicest bargains.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure.

NAME CHANGED.

It is Now Called Southwestern Poultry Association.

Dallas, Jan. 12.—At the annual meeting of the North Texas Poultry association it was decided to change the name to the Southwestern Poultry association and extend the organization so as to cover all of the southern and middle west states.

It was also decided to hold the next annual show at Dallas, Jan. 8 to 11 inclusive, in 1907. The association will procure its own coops and the exposition will be made in a building in the heart of the city.

Following officers were elected: Walter Ellsworth, Bonham, president; S. Q. Hollingsworth, Shreveport, L. C. MacMaster, of Honey Grove, L. A. Hockersmith, of Benton, Ark., C. D. Nesbit of Millers, I. T. J. R. Young of Aberdeen, Miss., vice presidents; Elbert Beeman of Dallas, secretary; R. C. Ayres of Dallas, treasurer.

NEARLY READY.

Papers and Data For Claim of Texas Soon to Be Sent.

Austin, Jan. 12.—Nearly all of the papers and data have been prepared and are being forwarded to Washington to substantiate the claim of Texas against the national government for some \$300,000, claimed to be due as a result of expenditures made by the state in guarding the frontier during the early days, which, it is argued, was really the duty of the United States, and that the state should be reimbursed for her outlay.

FIFTY PLEDGED.

That Number of Republicans Said to Have Signed Agreement.

Washington, Jan. 12.—Fifty Republican representatives are said by the insurgents to have signed the pledge to vote against any rule prohibiting amendments to the Hamilton joint statehood bill. Several members have been won over by the insurgents and they are confident their number will be swelled to sixty-five before the week ends.

The Republicans who are supporting the Hamilton bill insist that the bottom has dropped out of the insurgent movement completely.

PEANUT FACTORY BURNS.

Ten Thousand Bags of "Goobers" Destroyed at Norfolk.

Norfolk, Va., Jan. 12.—Four-story brick peanut factory of the Norfolk Storage company, containing 10,000 bags of peanuts and much valuable machinery, was destroyed by fire. Walls fell on a foundry, crushing it like an egg shell. First wall of jail was damaged. The 275 prisoners were marched to police barracks and guarded by four companies of militia. Loss over \$100,000.

MURDER CHARGED.

Serious Accusation Made Against an Architect of Dallas.

Dallas, Jan. 12.—On an affidavit made by Chief of Police Keith, A. H. Silven, an architect, whose office was in the second story of the Knepply building, partially destroyed by fire Monday night, was arrested. He is specifically charged with the murder of Bernard Philipson, who was suffocated to death.

COOPER SUICIDES.

Two Sealed Notes Left by a Prominent Young Tennessean.

Memphis, Jan. 12.—T. Russin Cooper, son of Judge Tim E. Cooper, former justice of the supreme court of Mississippi and a prominent attorney of this city, committed suicide at a local hotel by swallowing an overdose of morphine. Two sealed notes were found in the room where the suicide occurred. The motive which prompted the act is not known.

Aged Negress Dead.

Hempstead, Tex., Jan. 12.—Creasy Sheppard, a negress, died at the advanced age of 102 years. She was not a sufferer from any particular complaint, and her demise is due, perhaps entirely to old age. Even to the time of her death she possessed to a remarkable degree her faculties, and remembered distinctly incidents of her childhood.

Short Time Advance.

Paris, Jan. 12.—The French bankers have definitely decided to make a short time advance of \$50,000,000 to Russia at 5 1/2 per cent interest plus 2 per cent commission. The loan is to be guaranteed by the Russian state railroads and is to be repaid from the proceeds of the proposed new loan should the latter be floated within a year.

Rather Significant.

Madrid, Jan. 12.—It is stated in well informed quarters that three Spanish warships, the armored cruiser Emperador Carlos V., the cruiser Rio de la Platta and the cruiser Extremadura, have been ordered to proceed to Algiers and remain there during the Moroccan conference.

Death Penalty for Kannamacher.

Dallas, Jan. 12.—Herman Kannamacher was convicted on the charge of killing W. G. Rasbury in a saloon some months ago and his punishment assessed at death. Kannamacher was a barkeeper in the establishment where the tragedy occurred.

Five Negroes In Jail.

Texarkana, Jan. 12.—Five negroes have been jailed here in connection with the killing of City Marshal Few of Stamps, Ark. Accompanied by his widow and little son, Few's body was brought here for burial.

Undertaker Fatally Shot.

Tulsa, I. T., Jan. 12.—Arthur E. Croker, an undertaker, was fatally shot Thursday night. Two bullets entered his abdomen. H. P. Stoker, his brother-in-law, was arrested.

ACREAGE REDUCTION.

There Was a Difference of Opinion Friday Morning on the Subject.

New Orleans, Jan. 12.—Many delegates were busily engaged with committee work Friday when President Jordan called the Southern Cotton Growers' association to order for the second day's session. The committees were disposed to give the most serious attention to the matters before them by reason of the appeal which President Jordan made to them to make the resolutions clear and unequivocal. Mr. Jordan said the eyes of the world were on the convention and that telegrams had passed between New York and New Orleans intimating the convention would not have the manhood to assert itself. He asked the convention to let the people who are dealing "in paper contract and hot air" understand that the south would live up to what she said.

Great interest was manifested in the result of the work of the committee on holding, which is expected to be the keynote in future campaigns.

Differences of opinion existed Friday as to whether there would be a request for reduction of acreage. The indications were that there would not be. There was also apparently some difference of opinion as to whether the convention should make a declaration for 15 cent cotton.

The attendance of delegates from Texas is not as large as at the convention last year. In some quarters the opinion is expressed that the controversy between Vice President Peters and President Jordan is responsible for the absenteeism of Texans. Colonel Peters, who was suspended from office by President Jordan, is not in attendance, and it was understood a successor to him would be selected when the executive committee was organized.

The sentiment of the convention is overwhelmingly in favor of the retention of both President Jordan and Secretary Cheatham. Every reference to the connection of the latter with the crop reporting scandal in Washington last year has been wildly cheered by the convention.

BLACKWELL SPOKE.

Secretary of National Cotton Ginners' Association Makes Speech.

New Orleans, Jan. 12.—By invitation, Secretary Blackwell of Dallas, Tex., of the National Ginners' association made an address. "There are not 300,000 bales of cotton yet to gin in the entire south," he said. "More than 50 per cent of the gins everywhere are closed. Many others have only five to seven bales to gin. Dry goods have been constantly advancing in price during the past year, and we have only to stand together to get the reasonable price your association has asked for cotton."

When Mr. Blackwell concluded E. D. Smith of South Carolina delivered an address on "Cotton, the Basis of Southern Prosperity."

RELATIONS BROKEN OFF.

Venezuela and France Are Now Said to Be at Odds.

Washington, Jan. 12.—All diplomatic relations between Venezuela and France are broken, it was said at the state department Friday, although it was stated that no formal or official information to that effect had been received. Officials assumed that this would involve the early departure from Venezuela of M. Taigny, French representative there, and from France of M. Maubourguet, Venezuelan agent at Paris.

HARPER'S SUCCESSOR.

President Roosevelt's Name Mentioned in That Connection.

Chicago, Jan. 12.—The talk of electing President Roosevelt as the successor of the late President Harper at the head of the Chicago university has become strong in university circles. It is declared to have been one of the hopes of Dr. Harper during the last months of his life that the way could be cleared to have President Roosevelt take the head of the university at the conclusion of his presidential term.

GONE TO PENITENTIARY.

"I Am Going to Try to Be Brave," Said Mrs. Chadwick.

Cleveland, Jan. 12.—Mrs. Cassie L. Chadwick, escorted by United States Marshal Chandler and a deputy, left Cleveland Friday morning for the state penitentiary at Columbus to begin her sentence of ten years' imprisonment. There were no friends at the station to bid her farewell. Shortly before the train left Mrs. Chadwick said: "I am going to try to be brave and keep up from now to the last."

Removed to Lewisville.

Texarkana, Jan. 12.—Owing to the feeling and fear of violence, Jim Sanders and Mary Williams, negroes, charged with being implicated in the killing of Marshal Few of Stamps, Ark., have been taken to Lewisville, Ark.

HAPPENINGS CONDENSED.

Mrs. Lorraine, a Tyler, Tex., pioneer, is dead.

Frantz club has been organized by negroes at Guthrie.

David Thomas, a Parker county, Texas, farmer, killed a five-footed hog.

Postmaster Smith at Brownwood has been appointed for the third time.

Law increasing pay of Texas judges to \$3,000 per annum is now in effect.

Miss Hattie Lou Agnes of Jacksboro, Tex., was thrown from a buggy and a limb broken.

City council of Wichita Falls, Tex., has ordered the building of over three miles of cement sidewalks.

An attempt of two men to burglarize the national bank at Antlers, I. T., was frustrated by a watchman.

Body of Charles Smith, a negro, with a bullet hole in the head, was found in a creek near Tenaha, Tex.
